ORGANIC FUNK RELEASES TITLE TRACK FROM LATEST CD "SPEAK NOW" ALONG WITH VIDEO

Pre-kickoff party at **Café culturel de la Chasse-galerie** presented by **M103.5 FM**

Organic Funk will release the title track from their latest CD "Speak Now" along with a video at a pre-kickoff party in Joliette, Quebec. Why Joliette you ask ... well the band has received great fan support, thanks to the musical ear of Fred Cote (M103.5 FM) and as a result the band wants to thank local fans. The event will take place at **Café culturel de la Chasse-galerie on Septembre 14th** and will be presented by **M103.5 FM** where the group topped the charts with their first release "For Today", after 13 weeks on the charts reaching a top spot at **# 2**.

The band's first single entitled "For Today" has received wide-spread airplay in their native Canada, and "Speak Now" will be supported with a video. The video for the track "Speak Now" will be released simultaneously with tour dates in Quebec and Ontario, and if that's not enough, the release will be followed up by a European Tour which will kick off in Paris, France on October 15<sup>th</sup> at the highly acclaimed **Euro Disney** concert venue **Billy Bob's** located at **Disney Village Paris**. The band is receiving airplay in France through the NRJ Radio Group's digital station NRJ Pop.
